

**2nd International Symposium of Water Disaster Mitigation
and Water Environment Regulation (WDWE2021)**

July 7-9, 2021 · Chengdu

Dear Professor Sung-Uk CHOI,

On behalf of the Local Organizing Committee, I would like to thank you for your excellent **keynote presentation** *How does the free jump dissipate energy efficiently?* and your significant contribution to the success of 2nd International Symposium of Water Disaster Mitigation and Water Environment Regulation (WDWE2021) at Sichuan University, Chengdu, China, during July 7-9, 2021.

We look forward to your future contributions to the research in the area of water disaster and water environment challenges.

Sincerely

Weilin XU, Ph.D., Professor

Chair of WDWE2021

Vice-President of Sichuan University

Head of the State Key Laboratory of Hydraulics and Mountain River Engineering
