

BK21Plus Invited Lecture

Weiming Wu

- Professor at Clarkson University
- Research Interests
 - Fundamental sediment transport
 - Free surface flow and sediment transport modeling
 - Surge and wave attenuation by vegetation
- Services
 - Chair of ASCE/EWRI Committee on Computational Hydraulics (2011-2012)
 - Associate Editor of ASCE Journal of Hydraulic Engineering (2010-present)
- Honors
 - 2007, Best Paper Award by World Association of Sedimentation and Erosion Research

Lecture Information

① Sediment Transport Modeling

A263 in Engr. Hall #1

June 11, 2014 (10:00 am ~ 12:00 pm)

② Wave Attenuation by Vegetation

A263 in Engr. Hall #1

June 12, 2014 (4:00 ~ 6:00 pm)
